

PART 2: Start With Worship

DATE: 01-14-2024

START

We all yearn for something. We don't use the word 'yearn' very often. We would say we desire something. What we desire will shape our actions, our motives, and our thoughts.

- What do you desire in life?
- How does what you desire shape how you live?
- How can desiring God shape how you live for Him?

READ

[Pslam 84:2](#) (NIV)

"My soul yearns, even faints, for the courts of the LORD; my heart and my flesh cry out for the living God."

THINK

One way we can deepen our desire for God is to start with worship. Worship doesn't have to be complicated. It can be done in simple acts throughout our day. As we focus internally on God's presence with us, setting God as a priority, making sure what we say honors God, and as we lean into His purpose; we are worshipping Him.

- How can you start your day or an activity off with worship?
- What external factors prevent you from seeing yourself how God sees you?
- What does it look like to make God a priority in your life?
- What purpose is God calling you to lean into more?

PRAY

Jesus, help me to start whatever I do with worship. Whether it's my day, an activity, or a conversation. Allow what I do be an act of worship to you.

ACT

This week, start your days off with worship. It doesn't have to be complicated. Maybe it's a quick prayer, listening to some worship music on your drive to work or something else.
