FINANCIAL STRATEGY

GIVE SAVE LIVE

It is exciting that you are taking a proactive step in mastering your money so your money won't master you! Just by downloading this resource shows your commitment to living a timeless life. Do not rush through this process and give yourself a High-five for taking a step towards financial freedom. If you have questions, please connect with your Campus Pastor or go to www.tcconline.tv/give

Ready to go?

Gather Your Paperwork: Gather together your bills, loans, receipts, personal expenses (e.g. cell phones, entertainment), and paycheck stubs.

Pick a Date: Grab your calendar and actually schedule a time where you can be in a distraction free environment and focus. If you are married, coordinate with your spouse.

Go: Now it is time to move into action!

The development of your financial strategy starts here. The first step is to fill in the % boxes next to **GIVE**, **SAVE** and **LIVE**. Remember that your financial journey starts with **giving** God your first, **saving** next, and **living** off the rest! Now that you have done that, complete the rest of your financial strategy!
